COMTITE DUCT TRANSIT SYSTEMS

New Comtite duct plugs and accessories are a complete duct transit system designed specifically for sealed motorway communications installations. The duct plug, when used in conjunction with the comprehensive range of insertable cable grommets, ensures a seal that complies with the requirements of Series 1500 of the Highways Agency Specification for Highway Works.

Features include

- Fully tested for compatibility with the market leading Ridgiduct system
- Comprehensive range of grommets designed and tested for cables specified by the Highways Agency for motorway communications applications
- Two-part plug allows rapid fitting for both new and retrofit installations
- Integral central air test valve
- All components protected against corrosion
- Grommets fit securely into the compression plates
- Design resists ejection from the duct
- Long service life

Product Code	Description
DP94	94mm Duct Plug
DP100	100mm Duct Plug
DPG0	Blanking Insert
DPG9	9mm Grommet
DPG12	12mm Grommet
DPG14	14mm Grommet
DPG16	16mm Grommet
DPG18	18mm Grommet
DPG21	21mm Grommet
DPG24	24mm Grommet
DPG27	27mm Grommet
DPG9X4	9mm Grommet with 4 holes
DPG9X7	9mm Grommet with 7 holes
DPRAB**	L-Bracket for rope attachment

Patent pending

* Order grommets in multiples of 10

** Required to attach draw cord if all 4 bores are occupied by cables
